AGILE COMPACT DIFFERENT

SADDEX takes its name from the Somali word for "three". The line-up evolves the organ-trio idea into a lean modern format: Francesco Chebat plays piano and synth bass simultaneously. Alessandro Bottacchiari leads with trumpet and original compositions, while Maxx Furian anchors and disrupts the groove from the drums.

The result is direct but never predictable: melodic themes open into collective interplay, jazz language meets funk and R&B, and three independent voices behave like a single instrument.
